

Please make sure the color settings are CMYK and the resolution is over 400 dpi  
AI File is recommend

**Inner bleed (Safety line) 39mm**

Please ensure all main part of the design stays in view so it will not cut off

**Sticker Actual Size 42mm**

The final width of the washi tape

**Outer bleed 45mm**

Extension of the background, to account for natural movement of the paper during printing

**Printing Repeatedly**

Design print repeatedly every 35cm.
